

# Along the Galician Grapevine November 2004

Updates from 2001 to 11/15/2004

**Update:** This issue of the "Grapevine" has been formatted for distribution via the internet. Escalating printing, production and mailing costs related postal delivery of earlier issues to some 750 recipients has prompted this move. Future copies of the Grapevine will be prepared for distribution via "email".

A goodly measure of appreciation is extended to past contributors in sharing financial assistance. However, the gap between such help and the actual costs led to this decision.

For those recipients not having Internet access, copies will be made available upon a \$2.00 payment per issue to cover photocopying and postage costs. These requests should be directed Glen Linscheid at the address below.

Access to these files on the WEB is accomplished through the use of PDF files. The larger of these may be zipped to facilitate their transmission. This will require the use of special programs to decode the content. These programs are available on the internet at no cost.

The genealogical data files and "Grapevine" will soon be accessible through the feefhs.org web site. The specific site location may be accessed at web address [<http://feeghs.org/gal/frg-gfs.html>].

The latest copies of the updated family files will be located at the same site as the "Grapevine" together with additional related information. These family files contain privatized versions of the family data. Living people do not have their birth date revealed. In addition some introductory material, a descendent oriented USG report is available. The total file contains 20,676 entries, 7,136 marriages, and 4,587 different surnames.

Many of these reports are large. Some contain over 900 pages. Most are indexed. All are searchable using the Acrobat search tools provided via the Acrobat tools. All these files are directly printable on your equipment. However, due the large size of most of these data files, the download may take a sizable amount of time even with a high speed DSL line.

The address for the ZIP reader is:  
[<http://nct.digitalriver.com/fulfill/0018.15/download/2004-a4e6a40eec6f44f330a1ba30fbc7fd29-3>]

The address for the Acrobat PDF reader is:

**This Issue:** The narrative selections in this issue focus on the Rose Hill Township of Cottonwood County (MN) and the city of Westbrook personalities. This geographic location was also a final destination of Rupp, Ewy, Hubin, Linscheid, and Schmidt [1880's] immigrant families. Their descendants will still claim this location as "home base"

**Mission Statement:** This newsletter endeavors to present a few interesting slices of life, past and present, plus relevant statistical data. Elements which have formed and continue to form our collective heritage bequeathed us by our Galician forebears must be recalled by to each succeeding generation. To this effort, in part, is this newsletter so dedicated.

Please notify your family members about this web site. Remit corrections and additions to Glen or Tom. Pictures are welcome. Copies of obituaries are especially appreciated. Comments good or bad will be humbly accepted.

Corrections, updates and comments to the material contained within these files should be directed to the editor:

## All in the [Rupp] family

Editor's Note: Murl and Mary Rupp (rh 6.111633), with Sons Paul (14), James (16), and Micah (17), cast a contemporary slant on farm life in Rosehill Township. In the summer of 2003, this Rupp family was recognized as the 'Farm Family of the Year,' a singular and well-deserved honor!

Following are excerpts of the text carried in the Cottonwood County Citizen (4-H Edition, 30 Jul 2003).

**The Rupp's** started farming in the spring of 1978 less than a year after they were married. Both Murl and Mary come from farm backgrounds and enjoy all aspects of farming, the lifestyle, the family togetherness, the process and results of farming - the planting and seeing it grow and then getting it to market.

Their farm has remained in the direct Rupp line over five generations, beginning in 1882 with immigrants Johann and Elisabeth (Bachmann) Rupp (rh 3.111), then their son Jacob K. and Amelia (Ewy) Rupp (rh 4.1116); followed by their son Russell and Eunice (Hass) Rupp (rh 5.11163); plus the two generations of Murl, Mary and their three Sons as current operators of this farm in Rosehill Township.

Murl noted that the entire Rupp family gets involved in the farming operation, although the boys are also busy at school, and Mary works as a Registered Nurse at Westbrook (MN) Health Center. "It wasn't too many years ago you could have found any gender

of three generations involved in planting and harvest equipment - my parents, wife and kids," Murl stated.. Things have changed a little, but everyone is involved in something according to their abilities. We divide up our responsibilities according to whatever needs to be done.'

"Like everyone else, we've grown a little larger," Murl said. "We've added a few acres, but basically, we have continued on what we were doing in the beginning.

## He's a Rose Hill Activist

**Merlyn Hubin** (hu 7.2315412) knew, practically from his birth, there was no doubt that wherever he landed in life, he would be a Fanners Union supporter.

"I've been a Farmers Union guy my whole life, basically," the 55 year old rural Westbrook (MN) farmer said with a chuckle. "My parents were into it really strong. My dad (Milton hu 6.23154) was the Cottonwood County Farmers Union president during the 1960s and part of the 1970s." Merlyn has only missed out on Farmers Union for a couple years, when he was overseas.

Upon return to the U.S., Merlyn worked for a company in Chicago, where he met his wife, Sondra. They were married in 1973 and moved back to the Hubin family farm in Rose Hill Township. "We wanted to raise our family in a rural area," he stated. "We would have had a higher income in Chicago, but we got a chance to raise our kids here and that's the important thing. Keeping farms in the rural area is what we try to do

# *Along the Galician Grapevine November 2004*

*Updates from 2001 to 11/15/2004*

and that's a tough process," he added.

Speaking of family, Merlyn and Sondra have three children: Ryan, (27); Michael, (24); and Cassandra (13). Sondra has been employed at Windom Area Hospital over the past eight years. Merlyn has served in the National Guard for thirty two years

Merlyn and his brother, Marlow, are partners in a 1,500 acre crop farming operation. Then toss in his adult 4H leadership role, and service on the Cottonwood County Fair Board and it all adds up to a 'full plate.'

As for his work as chairman of the MN Farmers union executive board, Merlyn shows no signs of slowing down. "I like being involved with the organization, and I like where we're headed," he remarked.

## **Career Choice: Germany**

Although not raised in Rose Hill Township, **Maribeth Clarke** (ba 6.371622) has roots just a good stone's throw from it. The granddaughter of the late Emilia (Bachmann) and Sumner Clarke (ba 4.3716), her teaching career has taken her thousands of miles from the Westbrook, MN birthplace.

### **U.S. military dependent schools in Germany**

As the first fulltime special education teacher in the Westbrook system at the start

of her teaching tenure, she heard of an opportunity to teach overseas at a U.S. military base. Her resolution mantra clicked in centered on the potential premise that, if assigned to Germany, she would accept this opportunity as this interest had developed while taking German class in high school.

One of Maribeth's main reason for choosing an overseas assignment, and especially Germany, was the professional opportunities available. "We were way ahead of the times. Your tax dollars at work," she stated. Team teaching was another factor which appealed to her. She was able to work toward a master's degree in counseling.

Living in Germany has allowed Maribeth to travel to other European countries, and her favorite destination is Stockholm, Sweden. Since formation of the European Union, travel has been simplified. Passports are no longer required between EURO countries.

Maribeth is fortunate in that the nature of her position has allowed her to be in Westbrook each summer, and for many Christmases the past 24 years. This was providentially timed in the 2003 summer because she was able to be with her Father, Kenneth (ha 5.37162), when he had heart surgery. His recovery progressed very well and Maribeth felt comfortable heading for another term in Germany. Her mother is deceased.

We say Mach's gut und Auf Wedersehen!
